Circle D Red Zone is a super stout and functional herd sire prospect that has an excellent pedigree that backs up his phenotype. He is a direct son of Decker's best donor cow. His sire originated at Star Lake in Oklahoma and is now Sr. Herd sire at Circle D. He is loaded with pigment and will make an excellent add. to herd.

Circle D. Eva 158 is a long bodied, extended fronted female that is hard for the Decker's to let go. Eva has a super quiet disposition that would make her an excellent heifer for any junior member. She possesses the style and balance that it takes to be a good show heifer, but still enough power to become an excellent brood cow

America is an extremely wide topped, thick quartered, deep cherry red son of the national Champion, star America BNMHPH 55 MKS 68M. He weighed 650 lbs at weaning and truly gets better with each day. He is deep chested, wide sprung. He would make a tremendous show bull and better herd sire. Selling full int. & poss.

MS Headliner is a foundation type young daughter of national champion MSU Star Headliner. Moderate framed with a beautiful udder and wonderful disposition, she did an outstanding job with her 1st calf. She is due to calve prior to the sale to AA Powerline 5114. Phenotypically and genetically, she would be an asset to your herd.
