Web Page: <http://www.wvbeef.org/sales/201108023-25 board.pdf>

The 2011 WV Feeder Cattle marketing program will be offering load lots of quality, yearling feeder cattle. Mark your calendars for the the Buckhannon Stockyards sale on (Tuesday- Aug 23, 9:00 am) and Weston Livestock Mkt.(Thursday-Aug25 at 9:00 am.). Should you have questions about any of the lots give one of us a call and we will be glad to answer any questions you have about the cattle **Note the comments and pickups** on the cattle and be sure they coincide with your needs.

If cattle are held longer than 14 days or the date declared, the final average weight will be adjusted a pound per day. The cattle will be sold with a slide to be announced closer to sale day. Some lots vary for weigh conditions so you may want to mark your sheets and/or pay close attention on sale day. Some of the smaller lots may be sold with choice and privilege to make loads.

A 48 hour notice of delivery must be given to the owner of the cattle. Payment and loading arrangements will be conducted by the sponsoring stockyard.

Note: Both Sale sheets are being faxed or emailed avoid mixing them up. The sale sheets are posted on the <http://www.wvbeef.org/sales/201108023-25 board.pdf> website if you need another copy. We are going to utilize a fax service to distribute sale sheets. That may mean if your fax machine does not remain ready to receive a fax you may not receive the sheets. It is best and more prompt if you have an email account. Please notify us with your account address.

West Virginia University and the stockyards are serving as facilitators for the sale of these cattle and make no guarantees for performance or health of the cattle or assume any liabilities.
